1. What is TitlePage?

TitlePage is the Australian Book Industry's bibliographic look-up service - making it easier to find, market, and sell books in Australia.

Developed by the APA in 2004, with the support of 12 founding publishers, TitlePage lets publishers and distributors offer a range of title bibliographic detail-rich metadata, as well as current price, availability and stock information to booksellers, suppliers and libraries.

With more than a million titles listed in the Australian market, TitlePage is the place libraries and booksellers go to find out about titles new and old.

Funded by publishers, TitlePage offers a free service for booksellers, suppliers, and libraries.

2. Creating an Account

2.1. Registering Online

The first step in setting up a TitlePage Bookseller account is to register online:

1. Go to <http://www.titlepage.com>.
2. Click on the 'Register' button under 'Bookseller/Supplier Registration.'
 - o Or visit <http://www.titlepage.com/bsreg.php>
3. Read and accept the TitlePage Terms of Use.
4. Fill out the online registration form, then click 'Submit.'
 - o Please Note:
 - Your Account Name will stay the same through all of your TitlePage use and cannot be changed once it is confirmed. We recommend you use a variation of your company name, as opposed to your name.
 - All other account information may be edited.
 - For more information on what each section of this form is about, please see the section below, *3.2 My Details in Detail*.
5. Confirm your details and then click 'Submit' again.

An email will be sent to the TitlePage Administrator who will verify your account details and activate your account. You will be notified by email when your account has been activated; this process normally takes up to 2 business days.

When you receive notification that your TitlePage account has been activated, you can login and start using the system.

IMPORTANT:

- **Your Password Requires Updating:** Your password will expire and must be updated every 6 months. This is a security measure that is part of every TitlePage account. Rest assured there are multiple notifications sent out to remind you to do so and when done, ensure you notify those members of your team of this change.
- **TitlePage uses Cookies:** The TitlePage system uses browser **cookies** to remember that users are logged in. Provided that you do not log out, you only need to log in to the system once per day. However, users must have both cookies and JavaScript enabled in browsers. If you clear your cookies, you will have to log in again.
- **Your Computer's Time and Date Settings:** Make sure that the time and date settings (including time-zone) on any computer you will use to access TitlePage are correct. Incorrect settings may prevent you from logging in to TitlePage.

3. Updating Your TitlePage Account Information

3.1 Where are My Details

To update your details:

1. Log in to the TitlePage website.
2. Click on 'My Details' in the navigation menu at the top of the page.
3. Review the content of each field, making changes as required.
4. Click the 'Submit' button at the bottom of the page.

It is extremely important that the contact details listed in your TitlePage account are current. This is the information we use to contact you should any problems arise with your account or with TitlePage. We recommend reviewing these details at least every 6 months to ensure they are correct.

3.2 My Details in Detail (For Australian and New Zealand Booksellers)

3.2.1 Your Details

Your Details	
National ID Code *	Australia (AU) ▼
Title *	Mr ▼
First Name *	Joseph 
Last Name *	Bloggs
Job Function *	Bookseller
Department	

The *Your Details* section of the *My Details* page stores the name, job function and department of the primary TitlePage contact for your organisation. The primary contact is responsible for managing the TitlePage account. This is the person we will contact with any queries about your account and its usage, notifications of issues with the system or any other information about TitlePage, such as system changes or new features.

If there are staff changes within your organisation, please ensure the TitlePage contact is updated. If there is a change in ownership (for example, you sell your business), please contact TitlePage Support at titlepage@publishers.asn.au so we can take the appropriate steps to close your TitlePage account and assist the new owners to set up a new account.

PLEASE NOTE: We cannot transfer existing accounts to new owners as we require a contractual agreement with the correct legal entity.

3.2.2 Your Contact Details

Your Contact Details	
Telephone *	<input type="text" value="02"/> <input type="text" value="98765432"/>
Fax	<input type="text" value="02"/> <input type="text" value="12345678"/>
Email *	<input type="text" value="joe@books.com.au"/>
I prefer to be contacted by:	
<input type="radio"/> Telephone <input checked="" type="radio"/> Email	

The *Your Contact Details* section stores the contact details you would like TitlePage Support to use if we need to get in touch with you. This may be necessary for various reasons relating either to your specific account or the TitlePage system as a whole. Please ensure that your email address is accurate, as this is the primary means of communication used by TitlePage Support.

3.2.3 Company Details

Company Details	
Company Name *	<input type="text" value="Joe's Books Pty Ltd"/>
ABN *	<input type="text" value="12345678910"/>
Street Address *	<input type="text" value="11 Grey Street"/>
Suburb *	<input type="text" value="Dorian"/>
State	<input type="text" value="New South Wales (NSW)"/>
Postcode *	<input type="text" value="2020"/>
Postal Address as above	<input checked="" type="checkbox"/>
Postal Address	<input type="text"/>
Postal Suburb	<input type="text"/>
State	<input type="text" value="Australian Capital Territory (ACT)"/>
Postcode	<input type="text"/>
Company website	<input type="text"/>
Company Description *	<input type="text" value="Seller of ethereal books and histories to all."/>
SAN	<input type="text"/>

The *Company Details* section stores information about your company. You must supply both your Company Name and ABN so we can verify that you are a valid Australian company. We also require that you provide a brief description of your business, as this will help speed up the verification process. If you are registered with Pacstream, providing your Standard Address Number (SAN) will allow orders to be placed with eligible suppliers directly via TitlePage.

For New Zealand Booksellers, your Company Details section is different, prompting you for an NZGST and different state dropdowns.

3.2.4 User Access Information - Your Password

User Access Information	
Username	joebloggs
Current Password	testacct01
New Password *	<input type="password"/>
Confirm Password *	<input type="password"/>

The *User Access Information* section displays the username of your TitlePage account and your current password. You can change your password at any time, however, you will be required to update your password if you have not done so in the last 6 months. This is an important security action that will ensure any employees who have left your organisation do not retain access to TitlePage via your account.

Please contact TitlePage Support (titlepage@publishers.asn.au) if you have any issues resetting your password or if there is an issue with your username. Please note that your username is not your email address.

3.2.5 PacStream Access Information

PacStream Access Information	
PacStream username **	<input type="text"/>
PacStream password **	<input type="password"/>
** You must specify these fields if "SAN" is filled.	
Ordering	
Allow ordering	No

The *PacStream Access Information* section is where a PacStream account holder may enter in their details, in order to place Pacstream EDI orders via TitlePage. If you wish to create a PacStream account please contact PacStream directly. If you are activating a PacStream account, please let TitlePage Support at titlepage@publishers.asn.au know, so we change the status of your account to allow ordering.

3.2.6 Book Information Download Format

Book Information Download Format	
Please select your preferred option for downloading title information from TitlePage. This option will be the default format for your individual downloads.	
Download Option	
<input checked="" type="radio"/> ONIX (XML)	<input type="radio"/> CSV
<input type="radio"/> TAB	

The *Book Information Download Format* section allows you to choose what format TitlePage uses when you download title information (refer to [Section 5 Searching on TitlePage](#)). There are three options available: ONIX, CSV or TAB. You can change this setting at any time.

ONIX is the book industry XML data standard, and is used to digitally structure this information so it can be directly inserted into compatible software. If you are not using software that is compatible with ONIX, you may open either CSV or TAB delimited files in Excel or similar spreadsheet programs. We recommend CSV if you intend to upload title data to general purpose eCommerce services like Shopify and WooCommerce.

3.2.7 Search Preferences

Search Preferences	
Default Search Type	Keyword ▼
Default display matches	10 ▼
Display ebooks results for searches	<input checked="" type="radio"/> Yes <input type="radio"/> No
Retain previous search information on new searches	<input type="radio"/> Yes <input checked="" type="radio"/> No
Search Again Preferences	<input type="radio"/> Search Within Results <input checked="" type="radio"/> Search Again
Full Details screen preference	<input type="radio"/> Pop-up window <input checked="" type="radio"/> New browser tab

The *Search Preferences* section allows you to specify your default search preferences whenever you open the *Search* page (refer to [Section 4.2.2. The Search Tab](#)). This is also used to set the default criterion for the *Search Bar* that appears at the top of most screens.

The *Retain previous search information on new searches* and *Search Again Preferences* settings are used in the *Search Again* bar that appears at the bottom of every *Search Results* page (refer to [Section 5.2. The Search Results Screen](#)).

3.2.8 Monthly Limits

Monthly Limits	
Monthly Download Limit	0 / 2500
Monthly API Search Limit	0 / 2500

The *Monthly Limits* section allows you to keep track of the number of records you have downloaded from TitlePage in the current calendar month. Each TitlePage Essentials bookseller account has the following limits:

1. 2,500 records per month downloaded through the TitlePage website. This is when you click 'Download' either on the *Search Results Page* or the *Title Detail Page*. This limit is titled 'Monthly Download Limit' in the screenshot above.
2. 2,500 records per month accessed via the API. This will include any titles you look up using TitlePage through third party products such as e-Bility, BookNet, CircleSoft and DataMine. This limit is titled 'Monthly API Search Limit' in the screenshot above.

Contact titlepage@publishers.asn.au to enquire about increased download or API call limits.

4. Using TitlePage

This section provides an overview of the main areas of TitlePage, as identified below.

4.1 Quick Home Navigation

By clicking the TitlePage logo in the top left of the screen, you will be transported to the *Home Tab*. This feature is available from all screens within TitlePage, except for the *Title Detail Page*.

4.2 Page Tabs

Immediately beneath the TitlePage logo, you will find the TitlePage navigation menu. This menu provides tabs for each of the screens available to you in TitlePage. You use this to move between pages. The page currently displayed is highlighted in green. For example, in the screenshot above, the user is on the *Home* page.

4.2.1 Home Tab

The screenshot shows the TitlePage website's Home Tab. At the top is the TitlePage logo and navigation links: HOME, SEARCH, DOWNLOADS, PUBLISHERS, DISTRIBUTORS, MY DETAILS, NEWS, CART, ORDERS, and LOG OUT. A search bar is located below the navigation bar. The main content area is divided into two columns. The left column contains links to 'TitlePage Bookseller's Guide', 'TitlePage Plus FAQs for Booksellers', and 'TitlePage News'. A red-bordered box highlights the 'Date of next Password Expiry: 05 February 2022'. The right column features 'TitlePage Publishers', 'Founding Publishers', and a list of publisher logos including WILEY, ALLEN & UNWIN, CAMBRIDGE UNIVERSITY PRESS, hachette AUSTRALIA, HarperCollins, MACMILLAN, Pearson, and Penguin Random House Australia. The footer contains copyright information and links to APA, stSoftware, Terms of Use, and Privacy Policy.

When you first log in to TitlePage at www.titlepage.com, you will be taken directly to your account *Home page*. This is shown in the screenshot above. From here, the Bookseller's Guide is easily accessible for download and the date your account will require a password change is highlighted in red. Both the News and Quick Search features will be covered in later sections.

4.2.2 Search Tab

The second tab from the left on the navigation bar will take you to the *Search* page. This page has two ways to conduct searches, either via a quick search using a selected category from the dropdown next to the search bar or via a detailed search using any of the fields listed. The screenshot below shows both types of searches.

Quick Search

The *Quick Search* feature is useful if you want to search for a title on one of the most used fields of TitlePage. Rather than scrolling down the page, all you need to do is select what you want to search by (for example, the screenshot above has Keyword selected), enter your search term, and click 'Search'. Clicking the 'Reset' button clears the search field so you can type a new search term.

The screenshot shows the 'Quick Search' interface. It has a title 'Quick Search' in green. Below it is a 'Search for' label and a text input field. Underneath are three rows of radio buttons: the first row has 'Keyword' (selected), 'Title', and 'Title Exact'; the second row has 'Series', 'Author', and 'ISBN-13'; the third row has a checked 'Display ebooks' checkbox. At the bottom right are 'Reset' and 'Search' buttons.

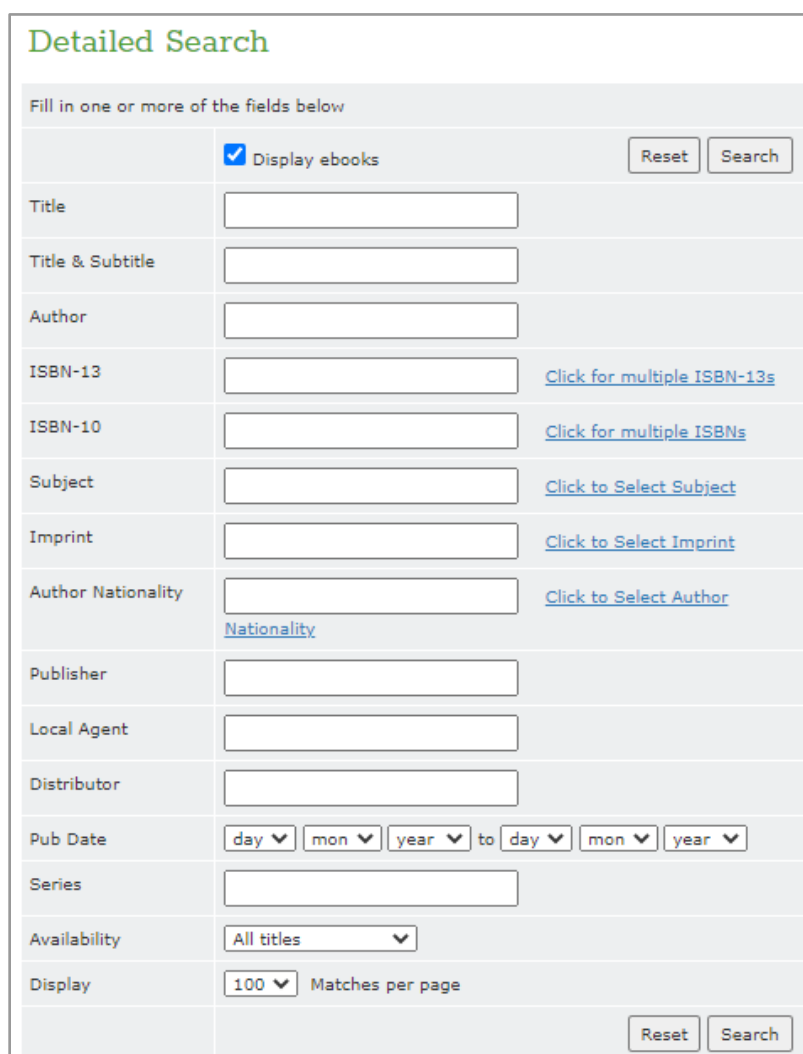

Detailed Search

The Detailed Search allows you to pick specific fields to search within TitlePage. Simply type your query within the particular field you wish TitlePage to search and it will do so. This allows you to be very specific with your searches. Clicking the blue link next to fields such as Subject, will allow you to select from a list of subjects that records on TitlePage have identified. Clicking the 'Reset' button clears the search field so you can type a new search term.

IMPORTANT NOTES FOR SEARCHING:

- Clicking the 'Reset' button clears all the search fields.
- If you enter text into *both* the *Quick Search* and *Detailed Search*, both values will be used.

For more information on detailed searches, please visit [Section 5. Searching on TitlePage](#)

The screenshot shows the 'Detailed Search' interface. It has a title 'Detailed Search' in green. Below it is the instruction 'Fill in one or more of the fields below'. There is a 'Display ebooks' checkbox (checked) and 'Reset' and 'Search' buttons. The form contains several input fields: Title, Title & Subtitle, Author, ISBN-13 (with a link 'Click for multiple ISBN-13s'), ISBN-10 (with a link 'Click for multiple ISBNs'), Subject (with a link 'Click to Select Subject'), Imprint (with a link 'Click to Select Imprint'), Author Nationality (with a link 'Click to Select Author Nationality'), Publisher, Local Agent, Distributor, Pub Date (with dropdowns for day, mon, year and a 'to' separator), Series, Availability (with a dropdown 'All titles'), and Display (with a dropdown '100' and the text 'Matches per page'). 'Reset' and 'Search' buttons are at the bottom right.

The Downloads Tab identifies your current TitlePage Subscription level. Your subscription level allows you to download a set number of records each month, which is done through searching for titles and then clicking the download button. Higher level subscriptions also allow you to access the Pre-built files generated by TitlePage.

Pre-built Files

Pre-built files are broken down into Publisher New Release Files and Custom Pre-Built Files.

Publisher New Release Files are files set up to display current titles and those to be released in the next 6 months. These files are in either ONIX 2.1 or in ONIX 3.0. Searching for these publishers can be done by clicking the letter of the corresponding Publisher at the top of the table, allowing you to sort via name.

Publisher New Release Files

You can search for a publisher alphabetically by selecting the initial letter of the publisher's name at the top of the table.

4.2.9 Orders Tab

The Orders Tab allows you to keep track of any orders you have placed and the Publishers / Distributors you have placed them with. If you have any questions about your orders, please contact the Publisher or Distributor directly.

4.3 Login / Logout

The *Log Out* button on the far right-hand side of the navigation bar allows you to end your TitlePage session and log out of the system. It is especially important to log out if you are using a public computer to access TitlePage because this will prevent anyone else from using your account. If this displays Login, you can also use this to access the home screen and enter your account details to log in to TitlePage.

4.4 Help and About the Service Buttons

The *Help* button is designed to put you in touch with several self-service options, to answer any questions you may have yourself. The *About this Service* button allows users to understand how TitlePage came into being and which Publishers helped achieve this. The *Contact Us* button links you to our titlepage@publishers.asn.au email address, to help solve any issues not covered earlier.

4.5 The Support Button

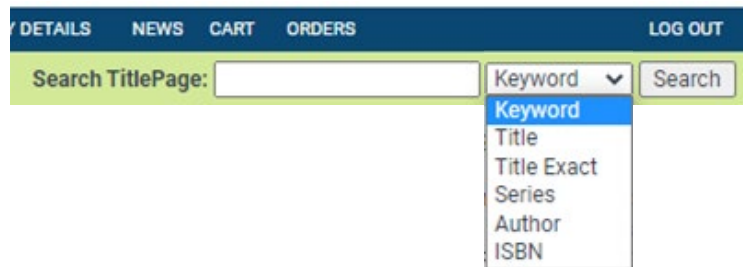

The blue *Support* button is located at the lower right of all pages. After clicking this button, TitlePage Users can type in their query and allow for the most relevant support articles to appear. Should your query find no useful information, you can use the contact button within the chat box, to send your question directly to TitlePage Support staff, who will get back to you as soon as they can.

5. Searching on TitlePage

5.1 Quick Search v. Detailed Search

5.1.1 Quick Search

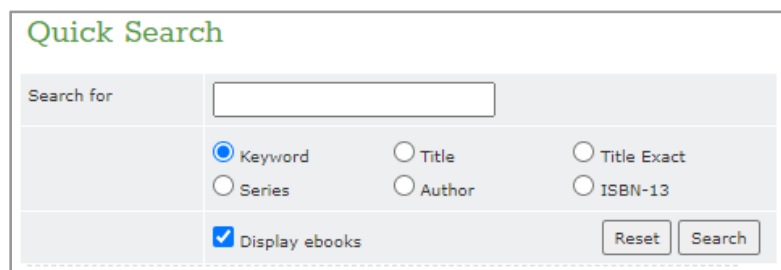

A screenshot of the top navigation bar of a website. The navigation bar is dark blue with white text for 'DETAILS', 'NEWS', 'CART', 'ORDERS', and 'LOG OUT'. Below the navigation bar is a green search bar with the text 'Search TitlePage:'. To the right of the search bar is a dropdown menu with 'Keyword' selected, and a 'Search' button. The dropdown menu is open, showing options: 'Keyword', 'Title', 'Title Exact', 'Series', 'Author', and 'ISBN'.

To the right, underneath the navigation menu, there is a convenient search bar that allows you to search for titles directly from any page on TitlePage, without having to first navigate to the *Search* page.

This same function is located at the top of the Search Page, as shown here.

In either use of the Quick Search function, you can search by Keyword or via an option from the list of Title, Title Exact, Series, Author or ISBN-13.

A screenshot of the 'Quick Search' form on the Search Page. The form has a title 'Quick Search' in green. Below the title is a 'Search for' label and a text input field. To the right of the input field are six radio button options: 'Keyword' (selected), 'Title', 'Title Exact', 'Series', 'Author', and 'ISBN-13'. Below these options is a checkbox labeled 'Display ebooks' which is checked. At the bottom right of the form are 'Reset' and 'Search' buttons.

A Keyword search will look through each of the fields above, as well as the subtitle and series. While selecting one of the other options will limit your search to that particular field.

Once you hit search, you will be taken to a page displaying the titles matching your search criteria.

5.1.2 Detailed Search

The Detailed Search function allows a user to find records based on very specific fields. Each field represents specific information provided to TitlePage by Publishers and Distributors,

Simply type your query within the particular field you wish TitlePage to search and it will do so. This allows you to be very specific with your searches, by filtering via set criteria. Clicking the blue link next to fields such as Subject, will allow you to select from a list of subjects that records on TitlePage have identified.

Please keep in mind that a search returns titles in order of relevance with the most exact match listed first, e.g. if you type in 'Pet' in the title field the search results will return titles that include the words 'Pet', 'Petals', 'Petting', then 'Pets', *etcetera*. You can use a combination of search terms to further refine your search, for example, to search for books by a particular author published in a particular year.

The search engine is optimised for searches on common English words, and can return words with the same root. For example, a search for 'manage' will also return titles that contain 'managing' and 'managed.'

Search

Field	Definition
Display e-books	Use this checkbox to confirm whether you would like the results to include e-books. This setting can be set as ticked or unticked from the My Details tab.
Title	Use this field if you know either the full title or some of the words in the title, e.g. typing in 'Lord of the Rings' will return all titles containing 'Lord' AND 'Rings.' 'Lord' would return all titles containing 'Lord.'
Title & Subtitle	Use this field if you know either the full title, subtitle or some of the words in either place, e.g. typing in 'Lord of the Rings' will return all titles containing 'Lord' AND 'Rings.' 'Lord' would return all titles and subtitles containing 'Lord.'
Author	Search for all the titles by a particular author, editor, illustrator or other contributor. You can search on the full name or just the surname of the contributor, e.g. 'Smith' would return all titles with 'Smith' as Firstname or Lastname. 'John Smith' would return all titles with both 'John' AND 'Smith.'
ISBN-13	ISBN-13 is composed of 13 digits, e.g. 9780333668529. Use this field to locate a title by typing in the 13 digit number. You can search for several ISBN-13s at once by placing a space between each ISBN-13.
ISBN-10	ISBN-10s are composed of 10 digits, e.g. 0333668529. Use this field to locate a title by typing in the 10 digit number. You can search for several ISBN-10s at once by placing a space between each ISBN-10.

Subject	Use this field to search for all titles found under one or more subject areas. TitlePage uses the BIC subject standard to classify its titles (for more information on BIC visit the APA website). You can either type free text or select the relevant BIC subject code description, e.g. searching for 'Computer' returns titles with BIC codes of Computer Programming (UP), Computer Certification (UC) and Computer Communications (UT).
Imprint	Search on the title imprint which is found on the spine of a book. You can either type free text or select the relevant imprint from those stored in our database.
Author Nationality	Use this field to find titles written by those of specific nationalities or heritage. This can also be selected using the blue link to the right and clicking on the specific fields you wish to include.
Publisher	Find all titles for sale within Australia from a particular publisher, e.g. 'Wiley' would return all titles with Wiley UK, Wiley US and John Wiley & Sons as publisher. 'HarperCollins' or 'Harper' or 'Collins' will return all HarperCollins Publishers titles. You can also access the contact details for a publisher directly from the Title Detail Page.
Distributor:	Search for all titles for sale within Australia handled by a particular distributor, e.g. 'Macmillan Distribution' would return all titles with 'Macmillan' AND 'Distribution.' You can also access the contact details for a distributor directly from the Title Detail Page.
Pub Date:	Select the day, month and/or year you wish to search on. You can also search on a pub date range. If you do not specify a year then all publication years will be included in your search.
Series:	Locate all the books published within a series by using this field, e.g. 'Palgrave Study Guides' would return titles that include 'Palgrave' AND 'Study' AND 'Guides.' 'Study Guides' would return just 'Study' AND 'Guides.'
Availability:	Having entered another search term you can also narrow your search to find only those titles in stock.
Display	Here you can set how many titles you wish to display on a page. This setting can be set via the My Details tab.

Important: Clicking the 'Reset' button clears the previous search fields so you can start a new search.

5.2 The Search Results Screen

After you click 'Search' on the *Search* page you will be taken to a *Search Results* page, which lists all the titles matching the search criteria you provided.

The screenshot above shows the *Search Results* page generated when you run a Quick Search based on the author with the search term 'Matthew Reilly'. In this case, there are 98 matching books, which are initially presented in order of relevance (i.e. how closely they matched your search criteria).

5.2.1 Sorting Results

Depending on how specific your search was, you could get a large number of results. TitlePage allows you to sort these results by clicking the table heading of each area. For example, clicking the table header 'ISBN-13' will sort the titles by their ISBN-13 information.

5.2.2 Navigating Pages and Displaying Matches

Results: 1 - 10 of 98

Page: 1 2 3 4 5 6 7 8 9 10

↑ Top of Page

Display matches 10 ▼

At the bottom of a search page it will tell you what the range of results presented is and how many results there are in total. You can then use the numbers at the bottom to navigate to different pages of results.

When you run a search on TitlePage, the system's default behaviour is to list 10 titles per page, regardless of how many results there are to your query. This is to minimise the need for scrolling. If your search has a large number of results, you may want to display more than 10 titles on each page. To do this, simply select the number of titles you would like to see (10, 20, 30, 50 or 100), and the corresponding number of titles will be displayed on each page of your results.

Regardless of how many results are displayed, you can use the 'Top of Page' link at the bottom of a search results page to jump to the top of the page, which is handy when you are displaying a large number of results.

5.2.3 The Results Table

TITLE	AUTHOR	ISBN-13	FORMAT	DISTRIBUTOR	PUB DATE	STOCK LEVEL	PRICE	SELECT (ALL <input type="checkbox"/>)	ORDER QTY
Adventure CD Pack	Reilly, Matthew	9781489092663	AC	Bolinda Publishing Pty Ltd	28 Jul 2016	0	\$59.95	<input type="checkbox"/>	<input type="text"/>
Area 7	Reilly, Matthew	9781740944120	AC	Bolinda Publishing Pty Ltd	1 Dec 2003	3	\$34.95	<input type="checkbox"/>	<input type="text"/>
Area 7	Reilly, Matthew	9781742011073	AE	Bolinda Publishing Pty Ltd	1 Aug 2007	3	\$29.95	<input type="checkbox"/>	<input type="text"/>
Area 7	Reilly, Matthew	9781459631014	BC	ReadHowYouWant	4 Nov 2011	0	\$54.99	<input type="checkbox"/>	<input type="text"/>

The results table displays the key information about titles matching your search criteria, including title, author, ISBN-13, format, distributor, publication date, stock level and recommended retail price.

The next important thing to note is that the **book titles** are also links. The results table only displays a small subset of the information available for each book. If you click on a book's title, a pop-up window, or new tab, will open displaying all the information available about the book.

Similarly, the format code for each title is a link. Clicking on a format code opens a pop-up window that provides definitions for all the codes available on TitlePage. The code you clicked on will be the first one visible at the top of the window.

The second last column in the results table allows you to select the titles for which you would like to download information in the file format you nominated at registration (i.e. ONIX, CSV or TAB), and is specified in your account details. This can be done in one of two ways. If all the books for which you wish to download information are displayed on the same page, simply select the checkboxes next to those books and click 'Download'.

However, if the books you want to download information for are split across several pages, you will need to use the 'Save' button. Select your choice of books from the first page, click 'Save' so the system remembers your choices, then move to the next page. Repeat the process until you have selected all the books you wish to download information about. Finally, click 'Download.'

After you click 'Download' you will be taken to the *Download* page, as shown in the screenshot below. Here you are given the opportunity to review the titles you have selected. Clicking 'Download All' will download information about all the titles shown; clicking 'Download Selection' will only download those that have the checkbox next to them marked. This allows you to modify your choices if you initially selected more titles than you actually need.

IMPORTANT:

- **Saving Titles:** Note that any titles you 'Save' for download will **not** be retained after you have logged out of TitlePage. This functionality is only intended to queue titles for download when you need to select titles that extend over several search result pages.
- **Download Format:** Title information can be downloaded in ONIX, TAB or CSV format. To change your format option, go to the *My Details* page.

5.2.4 Ordering Titles

If you have PacStream Activated, you will also be able to see the final column, which allows you to type in how many of a particular title you wish to order. When you have selected all the titles you wish to order, you may then add them to your cart, by clicking the Add to Cart button at the bottom of the search table. If there is no available place for ordering the title directly through TitlePage, that is, if the box for ordering is not present, this means the publisher is not connected through PacStream and will require you to contact them directly to make your order.

6. The Title Information Screen

The Title Information Screen displays the information of the chosen title. This section, although presented by TitlePage, is controlled by the data submitted by the Publishers and Distributors.

If a particular section of this holds inaccurate information, please feel free to submit this via the Feedback link in the top right of the page.

6.1 Title Information Screen Breakdown

6.1.1 TitlePage Logo, Title, Subtitle and Last Modified Date

The top left of this screen shows the TitlePage logo, the title, a subtitle (if present) and the last modified date of the record. The TitlePage logo on this screen will not return a viewer to the Homescreen. The title will appear as a large blue font at the top of the page. If a subtitle is present it will be below the title and will be in italics. Both of these fields were searchable within the Detailed search function mentioned above.

The last modified date allows viewers to see how recently this information was updated by the Publisher or Distributor responsible.

6.1.2 Right Information Bar

The information bar on the right of the screen carries all the necessary information a bookseller may wish to check quickly.

This includes:

- **Original Publisher Availability status** - Is it available from the original Publisher?
- **What territory does this Publisher have the rights to this title?** - In this example it is the rights to sell in Australia, which should the viewer have the rights to see Australian information, then that will be displayed.
- **Local Distributor Availability** - Is it available at the Distributor?
- **RRP Including Tax** - What does the Title cost?
- **Committed Back Order** - Committed back order means the number of items that are already committed/spoken for. ie, if there are 1000 on hand, and 500 CBO, that means that you'd expect 500 to be available. More likely, if there was 1000 on order, and 500 CBO, you'd expect that once it came in, there'd be 500 available, above and beyond the backorders already received.
- **Stock on Hand** - How many are ready to send right now?
- **Stock on Order** - How many have been ordered by the Distributor and will be at their warehouse soon?
- **Stock Available From** - When is the stock on order due?
- **Local Publisher/Agent availability** status- what's the local availability status for this title?
- **Cover Image** - What does it look like? (For when the customer cannot remember the name, but knows the cover is foggy mountains with some twisty snakes on the front).

From here, you can also save, print or download this title.

7. Further Technical Information

7.1. Setting up Standard API Access

If you use a POS system such as e-Bility, BookNet, Circlesoft or BookMine you may require API access to be enabled in your account. If you require this feature, please email your request to titlepage@publishers.asn.au. Be sure to include the username of your account in your email.

The TitlePage Administrator will respond to your request within 2 business days. When this is activated by TitlePage and the relevant TitlePage login details are added in, your POS will retrieve information from the TitlePage API.

If you are unsure that your POS system has a TitlePage account setting, please contact your POS system provider for more information.

For more technical information about the TitlePage API, [please visit here](#).

7.2. Contacting TitlePage Support

If you have any further questions that this guide or the TitlePage Support Page (Insert link) does not answer, please contact us using the blue Support button on the lower right of the TitlePage screen, or send us an email at titlepage@publishers.asn.au and we will get back to you as soon as we can.
